Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

THE SEVENTEENTH CENTURY: EUROPE 1598-1715

Oxford University Press, USA. Paperback. Book Condition: New. Paperback. 280 pages. Dimensions: 8.3in. x 5.4in. x 0.7in. The complete Short Oxford History of Europe provides a concise, readable, and authoritative point of entry for the history of Europe from the Ancient Greeks to the present day in eleven volumes. In each chapter a leading expert offers focused and penetrating insights into the major themes and influences of the period. Lying between the two great peaks of European history, the Reformation and the Enlightenment in the centuries before and after, the seventeenth century seems not to have a popular identity itself. And yet, as Professor Bergin points on in the Introduction, it is the very proliferation of major events, crises and processes throughout Europe that has made this transitional age so difficult to label. In this book, the seventeenth century is fully explored by Professor Bergin and six major authors as they address, in turn, economy, society, politics, war, international relations, science, thought and culture (The Age of Curiosity) and Europe in the wider world. In a set of chapters covering and contrasting the European experience across the century, both the reader and the student are offered a rich, lively, and provocative introduction to the period, and a superbly authoritative context for more detailed work. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
