

American education Volume 6

By Boston University. Education

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 388 pages. Dimensions: 9.7in. x 7.4in. x 0.8in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1902 Excerpt: . . . first edition of this book has been exhausted and the second edition is now ready. A complete alphabetical index has been added. This book is logically arranged in 27 chapters and embraces the consolidated school law, the university law, the decisions of courts and of the State Superintendent on important educational questions. It is the only complete work on school law published. It was written especially to meet the wants of school officers and teachers, and treats clearly and comprehensively the questions which they must meet daily in their work. It also contains many historical sketches on the development of our educational system. Dr. William J. Milne, President Sbite Normal College, says: No book has ever come to my notice that compares at all with it in value for its purposes It covers the entire field fully and clearly. I have already consulted it several times...

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- **Lillie Toy**

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.
