GRIN Verlag Apr 2013, 2013. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Project Report from the year 2013 in the subject Environmental Sciences, , language: English, abstract: The island of São Tomé, on the west coast of central Africa, is rich in endemic biodiversity but has received little attention in terms of biodiversity conservation. This is reflected in a lack of investment in environmental education and consequent low levels of knowledge on sustainability and on natural resource management. To address this gap we conducted a project to disseminate information about biodiversity conservation and sustainability, and also to identify knowledge gaps in two important stakeholder groups, communities surrounding the Obô Natural Park and school children. The project took place during the months of October and November 2012, directly reaching 13 local communities and six schools, from kindergartens to high schools. The results show that local communities still largely ignore the existence of the Obô Natural Park but are generally aware of the problems surrounding natural resources management. People from local communities have a considerable knowledge of the species around them, although they usually do not know that these can only...
