BRAND NEW, M.C.Q.'s for MFFP: Reproductive Healthcare and Contraception, Ali Kubba, etc., This text contains 120 multiple-choice questions on family planning and reproductive healthcare. Each question has been selected to reflect the syllabus of the new examination for Membership of the Faculty of Family Planning (MFFP). Almost all the questions are accompanied by an extended answer. In this, as well as providing a useful revision aid for examinations, the book is also educationally stimulating for anyone wishing to improve and test their knowledge of family planning and reproductive healthcare. The questions have been divided into three major sections: applied sciences; contraception and reproductive healthcare. The book should be useful as a training and revision tool for candidates for the professional exams, such as the new MFFP, as well as the MRCOG and MRCGP. It should also provide a useful aid to anyone who wishes to update their understanding of these important topics in reproductive medicine.
