Reviews

A whole new eBook with an all new standpoint. It is actually rally fascinating throgh reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).
(Claire Bartell)

A WORLD OF CHANCE AND ACTION A TALE OF RISING WATERS AND LOWERING EXPECTATIONS.

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 224 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. The falling domino effect of climate change picked up pace as the 21st Century progressed. The rise in ocean levels exceeded all prediction and preparation; crisis followed catastrophe. The fanatical and fearful masses have turned their attention away from ideological demagogues, to a terrorist more implacable and powerful than any produced by man - to an environment out of balance, an unpredictable juggernaut of cause and effect. As the dominoes fell, governments scrambled to preserve infrastructure and provide disaster relief; in a debt ridden and resource depleted world there is little left over for research and development. One research hungry scientist with a vision flees devastated China for a new chance in America. In his desperation he agrees to smuggle data for a powerful Western Corporation. To achieve his goal he must contend with pirates off the shores of California, government double-crosses, fanatical Homesteaders, shipwreck and ocean water detox. This item ships from La Vergne, TN. Paperback.
