Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

POLAR LANDS

Pan MacMillan, United Kingdom, 2012. Paperback. Book Condition: New. Reprint. 264 x 224 mm. Language: English . Brand New Book. Although they are deceptively stark, the world's Polar Regions support a surprisingly diverse range of wildlife. This book explores how ten of these creatures from both poles--including the arctic fox, the polar bear, the ringed seal, and the arctic tern--are all interrelated in three polar food chains. Along with a clear explanation of each lifecycle, the book highlights three key facts about each animal, and color-codes the food-chains for easy navigation. The beautiful photography, accessible design, and age appropriate writing make this the perfect introduction to understanding the delicate balance of this extreme and environmentally sensitive habitat.
