An astonishing alphabet learning tool! In this Alphabet-learning tool (for kids aged 2 and over), there is something special! But what? Many exciting animals MIME THE SHAPE of a LETTER of the alphabet to HELP REMEMBER the UPPER CASE FORM of each letter! We all know that children like animals; they imitate their sounds and their funny expressions, which act as a form of communication right from when they start to say their very first words. In designing this alphabet-learning tool, we have gathered animals from all over the world! Some with rather unusual names! They have been very carefully selected, just like real movie stars! You will notice that not all animals succeeded in MIMING the letters of the alphabet! Try saying some of the letters along with your friends! And don't forget to colour them in! Children start to recognize animals and learn their names at around 2-3 years of age. With this alphabet-learning tool, they can start to learn the SOUNDS and the SHAPES of the upper-case letters of the ALPHABET while actually PLAYING! With this method, the SHAPE of the ANIMAL makes it easier to learn the SHAPE of the LETTER. A visual association with a picture is very important for the memory! In this way, the mind learns the SHAPE of the LETTER (a concept that is still abstract for children) in association with the shape of the ANIMAL (real object), as well as the related phonetic SOUND (E for Elephant!). At the end of the book, there are a number of black and white pictures that kids can have fun colouring!.
